It is situated in the City of Hobsons Bay, in Melbourne’s inner west. Students come from a cross section of areas, primarily from the Hobsons Bay LGA. Families are from a wide socio economic demographic.</p> <p>Over the last 3 years the College numbers have been consistent, however there is an upward trend in enrolments into the primary year levels.</p>	<p>Intent : To continue to show growth in Student Learning outcomes through the building of teacher capacity and focussed Literacy strategies</p> <p>Rationale: Based on the key findings of the Review and school community consultation it was clear the college needed to continue to focus on improving student outcomes and fostering school connectedness and engagement. The two areas are interconnected and building on specific focus areas will have the greatest impact on our student outcomes.</p> <p>Focus: Excellence in teaching and Learning: building practice excellence. Positive climate for learning. Community engagement in learning.</p>
